## SPECIFICATIONS

|                                 |                   |
|---------------------------------|-------------------|
| Rating                          | 0.3A 6V DC        |
| Insulation Resistance           | > 100 M $\Omega$  |
| Dielectric Withstanding Voltage | 500V 0.5mA/min    |
| Contact Resistance              | < 70 m $\Omega$   |
| Operating Force                 | 200gf $\pm$ 100gf |
| Operating Life                  | 10,000 cycles     |

|     |          |                 |      |           |                                                                   |       |           |                          |       |                             |
|-----|----------|-----------------|------|-----------|-------------------------------------------------------------------|-------|-----------|--------------------------|-------|-----------------------------|
