## SPECIFICATIONS

|                       |                            |
|-----------------------|----------------------------|
| Rating                | 50mA 12V DC                |
| Travel                | 0.15±0.1mm                 |
| Contact Resistance    | ≤ 100 mΩ                   |
| Operating temperature | -20℃ ~ 70℃( 45% ~ 85% RH ) |
| Operating Force       | 160±30gf/250±50gf          |
| Operating Life        | 100,000 Cycles             |

|     |            |                 |      |                |                                                                                  |                                                                                                                                                                                                                                                  |            |                               |       |           |  |  |
